High School

THE HISTORY OF DEEP RIVER SCHOOL

Deep River School was built in 1923-24 to fill the need of education in the community and surrounding areas. The school was built on 12.59 acres of land bought from Mrs. Mag Bridges. The land was located beside old U.S. 1, now known as Deep River Road, ten miles northwest of Sanford. The original building had seven rooms and an auditorium. Six of the rooms were used initially. The seats in the auditorium were 2x12 boards nailed to sawhorse-type trestles. Furniture for the classrooms came from the three schools that had consolidated to form Deep River School. These schools were Jones Chapel, Rose Bud and Clinton Schools. The first principal was Mr. Roy Ledden. The first elementary school teachers were Miss Ernestine Matthews, Mrs. Foy O'Quinn, Miss Flora Johnson and Miss Zelma Wicker. The school followed an eight-month school year schedule at that time. There were two school buses at Deep River then. Mr. Ledden, the principal, drove the Model T Ford on the route from Sanford, and Ernest Marks drove the Chevrolet on the route from Moncure and the lower roads.

Deep River School has had eleven principals. They were, in order, Mr. Roy Ledden, Miss Nanie Leach, Mr. Ben Brackett, Mr. W.C. Harward, Mr. C.J. Crutchfield, then Mr. W.C. Harward again, Mr. I.J. Wicker, Mr. R.E. Morrison, Mr. G. Harold Wood, Mr. Ned Thompson, Dr. Russell Marion and the current principal, Mr. Gary Moore.

Deep River School did not progress very fast in its beginning. The Depression held the school back from growth. Grades one through seven were taught there in the beginning. When Mr. W.C. Harward became principal in 1929, the eighth and ninth grades were added. In 1930, the tenth grade was added, and in 1931, the eleventh grade completed the first full high school curriculum of those days. A well was drilled on the grounds after Mr. Harward's arrival, and a Delco light system was put in the school. The auditorium got its first curtains, and the school put on its first play, "Valley Farm", in 1930. All of the high school classes were taught in one room. Miss Frances Watson taught French, English, and Literature. Mr. Harward taught Math and Social Studies.

The first graduating class of Deep River School consisted of five students. Those students were Mr. J.T. Marks, Mayla Dowdy Brown, Lona Smith Luck, Paulene Wicker Cooper, and Clara Wicker Farrell. The graduation took place on April 29, 1932. The first baccularеate service was held on April 24th by Rev. Seymore, the Baptist minister from Moncure. A councilman from Raleigh delivered the graduation address, and his subject was "A Ship Goes Out to Sea".

In 1949, Deep River School added its Home Economics room, a cafeteria, and a first grade room. The new auditorium and a gymnasium were constructed in 1957, and the old auditorium was converted into the present day library. During the early sixties, seven elementary classrooms were added and a teachers' lounge was built. Five mobile units were purchased in the late sixties. Two more rooms were added in 1967, and two metal buildings were needed in 1971. The summer of 1973 saw the construction of a metal building to accommodate two kindergarten classes.

In 1977, against the protests of many in the community, Lee County consolidated its high schools, and Deep River School became an elementary school once again. The student population dropped from around 700 students to 400 students. The drop in student population removed the need of the mobile units and left plenty of room in the school for the elementary program.

Deep River Elementary School consists of grades kindergarten through sixth grade. The school has 22 classrooms, a library, cafeteria, gymnasium, auditorium, administrative offices and a storage building. The school is a focal point of many community activities and serves the children of Deep River, Northview, Colon, Valley View, Ward's Memorial Chapel, Osgood and the other nearby areas.

After 63 years as a school with 45 graduating classes, Deep River School's original building is about to be torn down. The students of Deep River, past and present, will gather to share their memories in tribute to the school one last time in the original building on May 9, 1987. Those who attended Deep River School will probably never forget the school and its accomplishments. We should all be proud to have been a part of Deep River's history.

ROSTER OF FORMER STUDENTS

Disclaimer

All names, addresses, etc. were gathered by many volunteers. Although accuracy was important to this group, one can easily understand that to gather names of former students for a period of more than 45 years was an extremely difficult task. Even with literally hundreds of telephone calls, thousands of letters and many casual encounters, some names will surely be misspelled and addresses may often be incorrect. The many people who worked on this book accept no liability for the inaccuracy of its contents. It should be understood that it would be impossible to locate all former students scattered throughout the world to establish an accurate list. These volunteer workers sincerely hope that the list of names and addresses will bring happy memories to readers and perhaps serve as a tool to reestablish friendships that began during the molding years of life.
